Rotary celebrates World Interact Week

By Ryan Hyland

During World Interact Week, 31 October-6 November, Interactors and Rotarians worldwide commemorate the charter of the first Interact club in 1962. To mark this occasion Interact clubs are encouraged to participate in joint projects with their sponsor clubs. Rotarians can celebrate by including Interactors in their weekly meetings, or inviting an Interactor as a guest speaker. "Interactors should be celebrating this week by getting together to review their accomplishments over the past year," says Martin H.F. Bridge, chair of the RI Rotaract/Interact Committee and member of the Rotary Club of South Holland, England. "It is a great time to reflect on the vision of those who started the program nearly 50 years ago." The success of Interact is crucial for the future of Rotary, says Bridge. "Interactors will, in time, understand all about Rotary, and should make good future Rotarians." In turn, reaching out to Interactors "keeps Rotarians young at heart" and provides insight into the thoughts and concerns of younger generations, he added. Bridge says communication between Rotarians and Interactors is important. Interactors should take every opportunity to meet with Rotarians in both their sponsoring club and neighboring clubs.
